During the 4+ hours - players will get to play in a professional poker tournament. The tournament will be run by true poker professionals; with poker tables, real poker chips and real dealers. This will be much better than the neighborhood poker game.

Player's will also get a "feast" of food catered by Chepes Mexican Grill and Roosters Café and home made desserts suitable for the largest "Football" party with chicken wings, fajitas, chips and dip and fancy desserts.

Another great point is that with 70 players, the top 7 players are guaranteed a prize. We will also be offering a raffle with a lot of great prizes so even if you don't win at the tables, you can still have a chance to win a prize ranging from popular electronics, sports memorabilia, sports apparel and restaurant gift cards to name a few. The bottom line is every player will have numerous opportunities to win!

Please join us to help support these young athletes!
